How to set up a Members Group

11. There are a limited number of Members Groups at any one time and setting up new Members Groups is currently limited to the following areas: North East, West Midlands, South West, South East, East or Northern Ireland

12. Where a Special Interest Group (SIG) or a Regional Special Interest Group (former RIGS) already exists (ALT Scotland, ALT Wales, M25 Learning Technology Group, ALT North West England SIG, The East Midlands Learning Technologists’ Group, White Rose Learning Technologists’ SIG) groups will be encouraged, and supported during transition to become Members Groups until 31 January 2017 in the first instance. In this case our main objective is to ensure that the existing community is supported effectively.

13. The Membership Development Committee will consider all proposals to set up a Members Group. The Membership Development Committee will decide whether or not to recommend to the ALT Central Executive that the Members Group should be established, and whether any conditions should be set. The Members Group will have the right of appeal against the Membership Development Committee’s recommendation to the ALT Central Executive, whose decision will be final.

14. ALT Members Groups are established permanently.
