**5 Membership and CMALT report**

MD presented the report. Opinions were canvassed as to the advisability of raising fees. In view of possible changes in membership structure, the committee did not wish to propose any fee revision at the present time unless deemed essential by Trustees.

MD discussed recruitment and retention figures. The impact of sector pressures was discussed, particularly in respect to a decrease in sponsoring memberships.

MD noted that the CMALT assessment process had been monitored over the last 4 months. She put it to the committee that ALT should advise candidates that assessment may take 6-8 weeks, reflecting average assessment times. The committee raised no objections. Internally the guideline period 4-6 weeks should be retained.

**Recommendation:** The Committee recommends to Trustees for membership fees not to be raised for this financial year in view of a wider consultation ahead of the next strategy.

---

**6 Members and Special Interest Groups: Northern Ireland Members Group**

_N.B. Because of the changes to group policies individual updates from all groups were deferred until the next meeting_

The committee discussed the proposal for a new ALT Northern Ireland Members Group. The group is narrowly HE in focus at present; but the aim is to draw in a much more representative membership from the area. Committee members might use their own networks and contacts to help nurture growth.

**Recommendation:** The Committee recommends the formal approval of the new ALT Northern Ireland Members Group to Trustees.

The committee heard from JC re: the proposed new West Midlands Members Group. A formal proposal will be forthcoming.

**Action:** TP to circulate by email proposal for West Midlands Group when ready.

---

**7 Events and conference report**

The committee noted the report.

MD added to the report that OER16 registrations are now open, and that a number of assisted places are available. ALT will circulate information and invites committee members to help with promotion, especially to FE and schools representatives.

---

**8 Communications and website report**

The committee noted the report.

MD noted that the digest had moved to a weekly format to reflect increasing demand from the membership. The Committee welcomed this change. The Committee further noted that the Annual Survey was carried out successfully receiving close to 200 responses.

---

**9 Items referred to and from other ALT committees and Trustees including shared update from all committees**

The committee noted the new shared report. It was agreed that the accepted recommendations re: membership naming conventions should form this committee’s contribution.
